

SMD Insulation Spacer (T:0.55 Three Holes)

*DIMENSION SPACER (mm) :

Technical Indicators NOTICE:

1. Size: Conform to the above size requirements;
2. Appearance: Rectangular black polymer resin;
3. Material: Polyphenylene Sulfide Resins(PPS);
4. Performance: High temperature resistance and high mechanical strength, short-term use temperature 260°C (40Sec);
5. Insulation: volume resistivity $>10^{13} \Omega \cdot \text{cm}$.

TOLERANCE: XX. X ± 0.2 X. X ± 0.1 X. XX ± 0.05 . XX ± 0.02
